BRITT MIDGETTE

DESIGN TECHNOLOGIST

PROFILE

Design technologist and systems thinker who takes work from strategy to shipped code. Extensive history across digital strategy, UX, and visual design, including building and scaling digital design systems, paired with hands-on front-end execution to move ideas from concept to production.

WORK EXPERIENCE

Experience Design Director

Valtech / San Diego / Aug 2020 - Present

- Hands-on contributor across digital strategy, UX strategy, and UX/UI design, taking work from concept to production-ready front-end.
- Co-lead the Experience Design leadership team to shape and scale the internal UX practice.
- Develop UX strategy, digital vision, and design approach for new-business pitches and client wins.

Lead Experience Designer

Valtech / San Diego / Jan 2018 - Aug 2020

- Shaped experience vision grounded in user needs and measurable business goals.
- Aligned design, product, and engineering through clear communication and shared goals.
- Oversaw design quality, consistency, and accessibility across deliverables, and mentored designers.

Senior Experience Designer

Valtech / San Diego / Jan 2017 - 2018

- Designed end-to-end experiences: wireframes, flows, and prototypes aligning user needs with business goals.
- Partnered cross-functionally to ensure design intent was clear and executable.
- Championed user-centered design, accessibility, and consistency across touchpoints.

Visual Designer

Mirum / San Diego / Jan 2016 - 2017

- Crafted high-fidelity layouts and UI components that met brand standards.
- Translated wireframes into polished, on-brand visuals across web and mobile.
- Evolved design systems and delivered developer-ready assets.
